

## John Caruso Led Tulane To Near Upset Of L. S. U. Saturday

Johnny Caruso, the ex-St. Stanislaus star, and top quarterback for Tulane played a very fine game against L. S. U. Saturday.

Caruso led his team to a near upset over the highly favored Tiger team from Baton Rouge. In the second quarter with a brilliant selection of plays he guided Tulane to the first score of the game.

His kicking, which has been excellent throughout the year, was up to par and his average should keep him in the top ten in the nation.

Caruso completed three for eight passes, one pass was dropped by a Tulane receiver on the one yard line.

Johnny made two sparkling interceptions of L. S. U. passes. One was a diving catch.

His tackling was his best of the season. On one occasion he made a leaping shoe string tackle after a Tiger player had broken into the clear and was headed for pay dirt.

Caruso, who played ball at Stanislaus for three years, was disappointed in the outcome of the game.

He said, "We should have beaten them this year. We had a 13 point lead and lost it."

As Johnny walked from the dressing room he was approached by several youngsters who asked for his autograph. This brought a red color to the New Orleans-born player's face.

Johnny is in his second year at Tulane.

Last year he saw some variety action but confined most of his playing to the freshman team.

He started the season off this year as the first string quarterback but after two games was benched.

But in the Alabama game in the Sugar Bowl stadium, he displayed such fine playing that Coach Andy Patney moved him back into the top spot for the rest of the season.

Caruso's punting has been one of the highlights of a dismal Tulane season. His average for the year is above the 40 yard mark.

Caruso played high school football at Stanislaus under former coach Dick Thames and the present head mentor Farley Day.

Dedeaux loses Two Cage Games To Industrial

Dedeaux High School boys and girls basketball team lost last night to Industrial.

The boys were defeated 42-41 in a game which was very close all the way.

W. J. Cameron and Frank Ladner were the leading scorers for Dedeaux.

The girls, who fell behind 23-5 in the first period, came back strong but could not overcome the early lead.

The final score was 35-26. Jackie Malley was high scorer for Dedeaux in this game.

Coach Clarence Ladner of Dedeaux predicted victories when his teams meet St. Joseph of Pass Christian tonight.

He said, "We ought to win both the boys and girls games. We have a couple games this year but I think we have a pretty good team."

## Buyers' Mart

The newest of the praline businesses in the Bay is the establishment of the Taille's on Highway 90.

It's called "Louise's Candy Kitchen" and it has just been rebuilt in such a way that visitors can walk in and watch the candy being made through glass partitions surrounding the kitchen.

In addition to being unique in the open kitchen way, Louise's is dispensing an outstanding array of gifts, many of which will make fine Christmas presents.

The shell centerpieces and household objects are handmade here. A family in Florida does all the work and delivers on order to Louise's.

A particularly pretty item is the shell lamp (ideal for a TV set) made of shells, highly shellacked wood and carved coconut husks made to look like a boat. This costs only \$2.25 and is a true conversation piece.

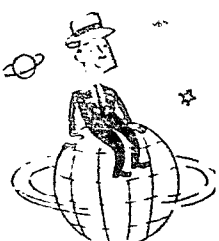

There is a flame colored shell flower centerpiece the blossoms of which look something like a water lily. This is \$8.50 and looks as if it might cost many dollars more.

For \$2.95 there is a wall holder of polished wood, which holds a kitchen set of spoons and mallets.

Jewelry is inexpensive at Louise's. Pins cost as little as 25 cents each. Earrings are from 49 cents up and necklace sets are from \$1.49 up. All are pretty and unusual—not the sort of jewelry you find in a nick-nack shop.

Louise's mails gifts, of course, and beginning early in December the shop will wrap in Christmas gift paper and boxes.

## BAY HIGH BOYS AND GIRLS WIN TWO OPENING BASKETBALL GAMES

The Bay High Tigers basketball team opened their season with two victories after only four days of practice.

Both the boys and the girls won in their classes against Poplarville Tuesday night.

The boys, led by high scorer Donald Cole, who scored 12 points, drew off to an early lead and coasted the rest of the way.

The final score was 45-22. Tommy Holden and Billy Breland followed Cole in the scoring with eight points each.

Rosemary Millinery gave notice she had returned to her last season's form as she scored 22 points to pace the Tiger quintet in the 33-29 victory.

Coach Donald Caldwell substituted very freely in both of the game during the second half.

He said, "I thought both of the teams looked pretty good for not having had much practice. We had a good percentage, 38, for shots from the court. We lacked smoothness but I think we will acquire that after a couple of games. I am satisfied with the first games of the season."

Bay High plays Lumberton in its own gym Friday night.

Coach Caldwell stated his boys have a good chance of fear about the chances of the girls.

He said, "Lumberton has one of the best girls teams in south Mississippi. I doubt if we can win that game. I think the boys have a good chance of winning if they really try. They did last night. They played Poplarville of their feet."

Bay High started practice on Monday with 45 boys reporting. Caldwell will keep 20 of them on the squad.

The Tigers are members of the DeSo's conference and are eligible to win the championship, which will be determined by a late season tournament.

## Home Agent Dispenses Ideas for Holiday Gifts, Gimmicks

Sarah Weaver

Sarah Weaver, Hancock County's busy home demonstration agent, has a holiday job of keeping up with what's new in the way of homemade decorations and Christmas gifts.

She uses this information as a pattern for programs for home demonstration clubs throughout the county - and is greatly in demand as speaker in other organizations, too.

This year one of the cute tricks she's explaining in her home demonstrations is the candle on so-called wrought iron legs. To make this holiday hit, take one of your black coat hangers and with the kitchen shears, cut it into short lengths. Affix these, tripod fashion, in the base of the candle and you have a light on "wrought iron" stand.

One of the handiest - if not the newest - ideas is the one based on the plain old potato.

In a hole bored in the center of your potato, place a candle and then in smaller holes around the vegetable, place bits of greenery, says Miss Weaver. The moisture will keep the greens fresh and the candle holder could hardly be handier.

If you are able to use magnolia leaves for greenery and want to keep them fresh and glossy - "cured" is the word, put them in glycerine for three or four days. Do this about a month before you're ready to use them, then when the glycerine has done its work, put the stems in fresh water. Your magnolia leaves will stay shiny as if shellacked and the process is much less trouble, the agent said.

For your Christmas tree, she recommends adding clothespins to the decorations. These can be dipped in paint or in the froth you make with detergent suds.

And when you're wrapping Christmas gifts, bear in mind some of the more practical angles, such as wrapping a man's present with fishing gear, a

## Letters To Santa

Dear Santa: I am a good little girl, I am 5 years old. Please bring me a walking and talking doll, piano and record player and my sister wants something pretty - and please don't forget my bubble in Japan.

Thank you Santa Love Donna Beth Lusich

Dear Donna Beth, Santa won't forget.

Love Santa.

Dear Santa: I'm a little boy four years old. My name is Joe Schultz. I try to be good, but Santa you know it is awfully hard to be a good boy at that age. But would you please bring what I want? And I will try very hard to be as you expect.

Santa I would like a tricycle, a pop gun and a cow boy suit and guns to go with it. Santa small boy's with a bandana; or a kitchenware gut with a gay apron (the ties on the apron make the bow).

Among the homemade gifts which are outstanding this year, says Miss Weaver, are the lovely shorts and pillow case sets made with border material. This costs about 50 cents a yard at local stores (Engman's has it).

To make such gifts as aprons, which can be embroidered, smart gift makers are using the now trichem pencil, which is available at art and craft shops and will be here soon. This is a ball point tube affair, which dispenses a paint-like chemical resembling embroidery. It literally writes the embroidery on the material.

The slender, dark-haired agent who has been in Hancock County for two years, will be spreading this kind of holiday cheer to all six of the home demonstration clubs in this area during the coming weeks.

my mommy is writing this for me as you know I can't write. Please Santa don't forget my sister and brothers, and all the other children who are expecting you.

Thank you, so very much Santa, for whatever you may bring.

Joe Schultz

Austin Lane.

Dear Joe, I am glad you are not selfish. Be good and Santa will visit you Christmas Eve.

Love Santa.

Dear Santa: My name is Butch Schultz.

I am writing to ask please will you bring all my friends what they want for Xmas? You see Santa I was in the hospital last year at this time and all my friends sent me a present. And when I came home for Xmas day I still had so very many gifts when I went back to the hospital. I felt so good to know my friends hadn't forgotten me.

So will you please do whatever you can for them Santa. I am eight years old and would like a B. B. gun, a cowboy suit and guns to go with it.

And please Santa don't forget my mommie and daddy and my brothers age 14 and four my sister who is eleven.

Thank you Santa so very much. I will have a turkey leg waiting for you when you get here that will help you on your long trolousome journey. I will expect you on Xmas Eve. Good-bye.

Butch Schultz.

Austin Lane.

Dear Butch, You are a very brave little boy and Santa certainly remembers you. I visited you in the hospital last year—remember? Well, you can be sure Santa will be back to see a fine little fellow like you this year, too.

Love, Santa.

Dear Santa I saw your ad in the paper and you said to write about your sister or brother, this is what I want for Christmas.

A bike, a pair of skates, can can slip, camera. P. S.—I don't have a sister or brother my mother said it was all write for me to have these things. will you please please bring me those four things. I have listed and that bike I ask for. If you don't bring me the can can slip or the camera or skates bring me a bike. It is o k with my mother. I will have a cup of coffee for you. My name is Ruby Lynn Bowen—bring me a bike.

Love, Ruby Lynn Bowen

Dear Ruby Lynn, Old Santa will surely remember you, Christmas. Love, Santa.

## Good Old Monday

The Hancock County Board of Supervisors over Monday night Monday the next Monday—every next Monday in the calendar.

The board is now in session at the County Administration Building, 1000 Market Street, San Francisco, California, for a few hours this morning to take the next step.

And the same is true for the hospital. Wait until next Monday is a fine way to spend a day in August. We wouldn't be surprised if some day in August, the voters don't wait until next Monday to cast their ballots for these fellows.

The redistricting matter is something we can understand. The board is openly opposed to letting the people vote on this issue, and consequently offers every stall imaginable and some extra stalls that the average man cannot imagine.

For example, this past Monday the board was told how many qualified electors there are in the county. At any rate, it was given a figure which will hold until a new one is dressed up.

David McDonald immediately rose and offered to present a documentary list to correct some of the errors in this roll. It would take, he explained, only an hour. But the board said, no, just present the business on good old "next Monday."

Then there was the hospital matter. Objections have suddenly arisen—financial objections—and these promised to develop into an argument on figures. Did anyone want to get started and discuss the figures immediately?

No sir. Let's all wait until next Monday. We just wonder what happens when the honorable gentlemen approach the pearly gates. Will they refuse St. Peter's offer to enter? Will they prefer to wait until "next Monday?"

## COASTING

By ANNE ORLEANS

During World War II, Lloyd Griffith, a U. S. Army Officer, went back into active service. Among the many places where he and Evelyn lived, Boston seemed to be the place where they had to spend Thanksgiving Day each year. There was always the traditional roasted turkey but the vegetables differed from the ones used in the South. This past Thanksgiving, as they have done each year since they left New England, the Griffiths and their guests enjoyed scalloped onions, big succulent white onions, boiled until tender and then put in a baking dish with cream sauce, bread crumbs and cheese. Yummy!

Visiting the Griffiths for this year's Thanksgiving were Bill and Mary McHaffey of New Orleans and their four little children, Frances, Nancy, Chaim and Lloyd. From Charlotte, N. C., came another nephew, Brooke McHaffey, his wife Elizabeth and their small daughter, Donna Lee.

Charlotte Burns, Evelyn's mother, spent Thanksgiving with her brother and sister-in-law, Mr. and Mrs. S. J. Cumming at Perdido Bay Summer home near Mobile. She returned to Tuscaloosa, Ala. for a visit at the Cumming home there and also to visit with many friends.

Bill and Caroline Ames, then sons, Ballard and Billy, drove up to Tung Ridge to eat Thanksgiving dinner with Marshall and Eleanor Ballard and Marshall, Jr., and Westy.

Mr. and Mrs. J. F. Charbonnet went to New Orleans for a double celebration, the birthday of Mrs. C. de la Vasselais, Mrs. Charbonnet's mother, was on Thanksgiving Eve, so there were two days of feasting. They visited with George and Signa Charbonnet and their grandchildren, George III, and Miss Michelle, the baby. News from their son, Jean, in Quilich, Venezuela, says that he still likes his work with the Creole Petroleum Co., and the newly Central American country.

The lovely table decorations that ranged in color from pale yellow to deepshadings of Thanksgiving luncheon at the home of Dr. and Mrs. Charles Samuel all came out of their yard, the grapefruit, oranges, lemons and sumac that they had grown were indeed a symbol of the harvest to them.

Harry and Connie Kaufman, Dr. Samuel's daughter, came from New Orleans. Sigmund Katz, Mrs. Samuel's brother, and his wife, Jessie, came from Coonington. Friends from the Bay and Waveland were the William P. Richardsons, the J. A. Weinfurters and the Wilson Wittelsburgers.

Ibsie and Charles Gremillion and little Mr. Chip had Thanksgiving guests from New Orleans. Mrs. Perret Ferguson and Indie Ferguson, Ibsie's mother and sister. Ibsie's other sister Cleon Agnew, has rejoined her husband, Harmon Agnew, at Maxwell Air Base near Montgomery, Ala., where he is on temporary duty until the middle of December. They hope to spend their leave in New Orleans for Christmas before returning to their permanent base in California.

Traveling to Birmingham, Ala., for Thanksgiving, were Mr. and Mrs. James Shadoin and Patsy. Mr. and Mrs. Shadoin visited Mr. and Mrs. McReynolds Hicks, Mrs. Shadoin's father and mother and Patsy was with a friend at the University of Alabama.

The Howard Perrillais have an individual tradition for the Thanksgiving table decoration. When their daughter Leigh, was a little girl, someone gave her a tiny plaster turkey and it was part of the table decoration. Since then, the collection has grown and twelve more turkeys of all sizes are grouped around the centerpiece of green and purple grapes, oranges, bananas and apples framed in hick green ivy leaves. Very attractive and very effective.

Lou and Paul Gaudet and their little daughter, Meg, had Thanksgiving dinner with Mrs.

Frederick Smelak, Lucy's mother, at her home in Pass Christian, at her home in Pass Christian. Family guests from New Orleans were Fred and Mary Sinclair and their children, Anne and Ricky. Sandy and Nellis Hillier could not attend the dinner as they were having Dr. Homer Dupuy, Charlotte, and their three children as their Thanksgiving guests.

Col. and Mrs. Marcel Gillis drove over to Biloxi where Mrs. Alfred Gillis, Col. Gillis' mother was having a big family dinner. Among them were Edward and Daphne Caffery who have been living in Biloxi since he retired from the U. S. Consular Service. His last post was Bucharest, Roumania, many years ago, before the Iron Curtain dropped.

Mr. and Mrs. W. D. Byers drove over to Belle Chase, La., to have a big turkey dinner with Mr. and Mrs. Owen J. Bradley, Mrs. Byers' daughter and son-in-law.

Wilma and Larry Hill spent Thanksgiving with their friends Lillian and Joe Griffin at their home in New Orleans. Larry, Jr., and Beth, the baby, went along for the ride as they were not too much interested in the time and Larry, Jr., has just acquired his first tricycle and was so pleased to have the wide New Orleans sidewalks to ride on as, at home, Sears Avenue is minus side walks.

At Rich Pines, Genevieve and Lacey Richeson had their combined families; Mrs. W. L. Richeson and Edna Holloway, Lacey's mother and aunt, Mr. and Mrs. Trinder, Genevieve's mother and father, Jeanna, Genevieve's daughter, and Lionel Adams, Jr., and their little daughter, Devvie, and Lionel and Dot Adams.

Tops on their menu for the Thanksgiving dinner were the mallard ducks that Lacey had been saving for the occasion. Sure there was the turkey and all the wonderful things that Genevieve prepares but those ducks were No. 1.

The beautiful chrysanthemums and the pyroantha came from their garden.

Mr. and Mrs. Ben Moise had twelve guests. Grandparents, children and grandchildren. The turkey was a big one but it seemed to melt away. The dessert was a delicious fruit cake with a special whipped cream topping.

## PROPOSED AMENDMENTS TO CONSTITUTION OF STATE OF MISSISSIPPI

HOUSE CONCURRENT RESOLUTION NO. 2

A Concurrent Resolution submitted an Amendment to Article 8 of the Constitution of the State of Mississippi, so as to add an additional section thereto, to be numbered "Section 213-B," authorizing the Legislature by a two-thirds vote of those present and voting in each house to abolish public schools and authorize the counties and school districts to abolish public schools, sell and dispose of school buildings, lands and other property, and make appropriation of public funds, and do such other acts and things deemed necessary to aid and assist educable children of this state to secure an education.

Be it resolved by the House of Representatives of the State of Mississippi, the Senate concurring therein:

Section 1. That there be and is hereby submitted to the qualified electors of the State of Mississippi for their approval or rejection, in an election to be held in accordance with Section 273 of the constitution of this state on Tuesday, the 21st day of December, 1954, the following amendment to Article 8 of the Constitution of the State of Mississippi, to be numbered and inserted therein and added thereto as "Section 213-B" thereof, to-wit:

Section 213-B. (a) Regardless of any provision of Article 8, or any other provisions of this constitution to the contrary, the legislature may authorize the establishment, support, maintenance and operation of public schools. (b) Regardless of any provision of Article 8, or any other provisions of this constitution to the contrary, the legislature shall be and is hereby authorized and empowered, by a two-thirds (2/3rds) vote of those present and voting in each House, to present and vote in each House, to abolish the public schools in this state, and enact suitable legislation to effect the same.

(c) Regardless of any provision of Article 8, or any other provisions of this constitution to the contrary, the legislature shall be and is hereby authorized and empowered by a majority vote of those present and voting in each House to authorize the counties and school districts to abolish their public schools, and enact suitable legislation to effect the same.

(d) In the event the legislature shall abolish, or authorize the abolition of the public schools in this state, then the legislature shall be and is hereby authorized and empowered to enact suitable legislation to dispose of school buildings, land and other school property by lease, sale or otherwise.

(e) The legislature may appropriate state funds and authorize counties, municipalities and other government subdivisions.

## County Agent Notes

By HOWARD SIMMONS

### DAIRYING

Protecting dairy cows from cold, wet weather, will pay off in higher production from feeds fed. Now that harvest season is just about over. It is good time to give some thought to the type of barn or shed you need and it is also a good time to make such improvements.

The least expensive, the most efficient in herd protection, in hay storage convenience and the most time saving in dairying operations, is the pole type barn.

County Agents can give you the necessary information about building this type barn.

### FIRE AND CONTROL

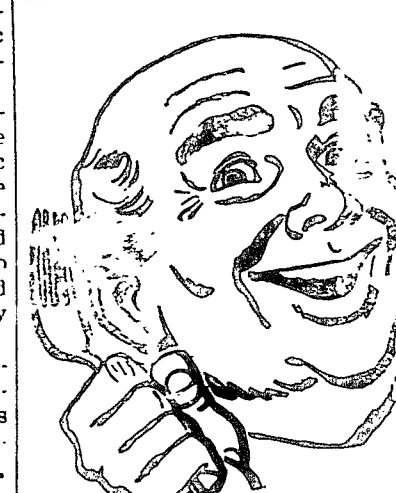

Now that frost has arrived, cooler weather is here and some moisture is available in the soil, it is the best time of the year to poison for control of

ions and districts to appropriate funds, including poll tax and sixteenth section funds, to aid educable children of this state to secure an education.

(f) The legislature may do any and all acts and things necessary for the purposes of this section, and this section is declared to be, and is, supplemental to all other provisions of this constitution, and legislation enacted under authority hereof shall prevail, whether in conflict with other sections or not.

Section 2. Said election for the submission of the aforesaid amendment shall be held in every election precinct of this state on said Tuesday, the 21st day of December, 1954. Notice of said election shall be given as required by the constitution and same shall be held agreeably to the general election laws of this state, and said amendment submitted therein in the same manner as amendments to the constitution are submitted in regular general elections held in this state.

Adopted by the House of Representatives September 10, 1954  
Adopted by the Senate September 16, 1954.

## New Postal Book Issues Dec. 1

Postmaster Fred L. Herlihy of Bay St. Louis, Miss., today called to the attention of mail users major new postal regulations being issued effective December 1 which will provide important changes and simplifications in the use of the mails.

The Post Office Department is issuing a final edition of its history-making new Postal Manual which contains these changes in simple form. The new manual will bring together in less than 300 pages public-interest postal regulations formerly scattered through 4,000 pages of dense print. Postmaster Herlihy explained.

This publication may be obtained at 65 cents a copy from the Superintendent of Documents, Washington 25, D. C. And mail users anxious to keep abreast of all changes in this material that may be made from time to time may get both the pamphlet in loose-leaf format and a year's subscription to all sheets making changes for a total of \$2 also from the Superintendent of Documents, the postmaster said.

The revision of the Postal Manual, Postmaster Herlihy said, represents what Postmaster General Arthur E. Summerfield has described as the most complete revision of regulations in the history of the U. S. Post Office Department.

The Department on October 21 issued the first preliminary edition, and Postmaster General Summerfield invited the general public, as well as large mailers and postal employees, to suggest constructive revisions for incorporation into the final edition. At that time, the final edition was set for November 20, but because of the volume of the many worthwhile suggestions offered, its publication date was moved up to the present December 1.

The final regulations have been filed with the Division of the Federal Register in Washington, and will become legally effective on December 1.

Postmaster Herlihy noted that the new pamphlet and the new \$2 package deal give the businessmen and other large mail users the easiest, most complete method of keeping closely up to date on postal information that they have ever had.

"The new publication is remarkable for its simplicity," he said. "Not only is it printed in

easy-to-understand English, but it contains simple black and white illustrations on how to prepare material for mailing. The print is easy to understand, and is arranged in logical sections under bold-face headings.

"Not only are the regulations issued in new simplified form, but the rules themselves have been changed. A great deal of obsolete and conflicting material has been eliminated in the process."

The new booklet is so simple that if the shipping clerk, for example, in a small business is ill or absent, other employees can get a ready understanding of the postal rules from the publication, Mr. Herlihy said.

The booklet is also an invaluable guide for the average householder. It shows, for example, how to package fragile materials for mailing; how to attach first-class letters to packages; how stamps of unwanted denominations that are unused may be exchanged for others of different values if desired. It also tells about many other matters of special interest to all mail users, he added.

Mail users who have inquiries about any special points in connection with the new publication may direct them to the Bay St. Louis Post Office. It should be emphasized, Postmaster Herlihy said, that the booklet represents the "final word" on all postal rules.

## Local Leaders Support Legion's Christmas Party

The Christmas Tree Party for the children of Hancock County and Bay St. Louis being sponsored by the Clement R. Bontemps Post 139 appears to be one Public Program which has the enthusiastic support of every faction in the community, according to an announcement made this week by Sidney L. Bourgeois, Commander.

Among those interviewed and warmly supporting the program are City School Superintendent S. J. Ingram, St. Stanislaus President, Brother Roland, Leo W. Seal, Walter Gex, Mayor John Seafide and many others Bourgeois declared.

Superintendent Ingram stated, "I see many of the town's underprivileged children daily. I feel that some of them will not receive one solitary present except what is provided by this Legion Christmas Tree Party. The way the Legion is handling this program, none of those underprivileged children need be embarrassed at attending the party and accepting the free gifts provided through the Legionnaires."

Brother Roland, St. Stanislaus president, expressed his feelings in a statement wherein he stated, "No adult could ever understand the bitterness in the hearts of a small child that Santa Claus has completely forgotten. Every Christian in the community should warmly support and contribute to this fine Christmas program."

Leo W. Seal told the Legionnaires, "I have heartily endorsed almost every project which the Legionnaires have proposed. This is a tremendous undertaking but I feel that the Legionnaires will do a fine job. This is an occasion that we can bring gladness and happiness into the hearts of many and be sure that all of the children will receive a Christmas present."

Walter Gex, local leader, stated, "I am glad the Legion took up this Christmas program. They have proven themselves to be a group of go-getters who are an asset to the community. They make successes by working hard. I hope that every person in Bay St. Louis and Hancock County who can will support and contribute to this Christmas Party for the kids."

Mayor John A. Seafide declared "This is a chance to buy a 'big hunk' of Christmas spirit for a mighty small price. If

## Legion Meeting Set For Tuesday

The regular December meeting of the Clement R. Bontemps Post 139 will be held next Tuesday night, Dec. 6 at the Legion Home at 8:00 p. m., according to an announcement made today by Sidney L. Bourgeois, Commander.

Among the many subjects for the Legionnaires to act on are: details of the Legion's big Christmas Tree Party, Americanism Program for 1955, New Year's Party for members, Hospital Committee reports, next big community service project after completion of Hospital Project, Commendations and Awards, and others, Bourgeois said.

"The stepped-up activities of the local legion post calls for more and more active members. We are asking those members who are not now active in legion affairs to attend this meeting and to help make the future plans for a more progressive Legion and community. Let us know what committee on which you can actively serve," Commander Bourgeois urged.

Chairman of the refreshment committee, Bert E. Estapa, announced that special refreshments will be served following the business session.

## Haward Kellar Serving In Austria

Pvt. Haward G. Kellar, son of Mr. and Mrs. Milton L. Necaise, Picayune, Miss., recently arrived for duty with U. S. Forces in Austria, (USFA).

Troops serving with USFA are part of a four-power security force on duty in Austria since the end of World War II. They also operate the Leghorn (Italy) Port of Embarkation which handles all personnel and supplies coming to USFA.

Kellar, last stationed at Fort Lee, Va., is now a member of the 138th Quartermaster Service Company. He entered the Army in August 1952.

—Mr. and Mrs. Larry Young of New Orleans announce the birth of their third child, Susan Marie. The baby's grandparents are Mr. and Mrs. J. C. Glover.

you doubt it, contribute, and then go to the party yourself. Watching the light of happiness in the eyes of the kids as they receive their presents from the Legion's Santa Claus will well repay you."

Tom L. Bressler, Co-chairman of the Legion Christmas Party stated, "This Christmas Party includes a free matinee movie and free pop corn for all of the kids and is planned for all of the kids. There will be at least one gift for everyone of them at the Christmas Tree at the Legion Home. It's a tough job but we are getting a kick out of it and rich or poor we want to see the kids there at the party."

Frank Taconi, chairman of the Legion's Adult Entertainment Committee stated that a series of adult parties are being planned to help finance the Legion Christmas program. These adult entertainment parties are being held each Wednesday at 8:00 p. m. and Sundays at 2:00 p. m. at the Legion Home, he added.

Comander Bourgeois added, "Time is passing fast and we don't know if enough money can be raised in time to finance this program through the adult parties. A much greater participation is needed if we are to reach the financial goal felt needed. We feel that the adult of the community realize the value of this Christmas program and that they will support it by making donations to it to insure its success. Donations are deductible from income taxes. Bring or mail those donations today."

## What Am I Worth

When we ask, 'What's a man worth?' in the usual meaning of the words, we may want to know how much he has in the bank, what he owns in worldly goods or is worth in good will or his rating in Dun & Bradstreet. But the intrinsic value of a man is something entirely different.

Before we had inflation some curious chemist reduced man to a handful of lime, iron, salt and clay and estimated that, chemically, he was worth about 98 cents.

The economist reckons the worth of the average man in wages and income over the span of his working hours, and says he is worth about \$140,000 in earning power.

The biophysicist, who deals with atoms, computes the bottled up energy in a hypothetical human body, and puts a price tag of \$85 billion on him.

But who can estimate in dollars and cents the value of a man to his loved ones, his family? Who can put a price on a man's soul or reckon the value of a personality whose influence for good goes on forever? What was George Washington worth, or

Abraham Lincoln, Thomas Jefferson, Ralph Waldo Emerson or an Andrew Carnegie, a Benjamin Franklin or a Thomas A. Edison?

No one knows what a man is worth as a human being, but as a producer and saver, it isn't difficult to put every man in some sort of a financial bracket. When a man needs credit or collateral, 98 cents worth of chemicals won't help him much or the energy potential of his pent-up atoms.

So the practical, everyday estimate is the 'bread and butter' way of measuring a man's worth. It isn't a poetic thought but we can all increase our real worth and build our fortunes in dollars and cents by saving something out of our earnings.

And you can mark it down that wherever you find a man of financial standing somebody, sometime, saved something. So everyone must provide his own answer to the question, "What Am I Worth?"

# Stanislaus Rock-A-Chaws Play In 5th Annual Dairy Bowl Game At Perkinson Tonight

## Ches Stress Pass Defense And Addition For Game With Brooklyn

A three-day Thanksgiving break St. Stanislaus began Sunday afternoon for the Bowl game to be played on Monday in Perkinson.

Hard practices were held Monday and Tuesday, with fun-

damentals being stressed by the coaches.

Farley Day, head coach said, "Most of the boys came back from the holidays in good condition. We have been reviewing fundamentals with blocking and tackling drills. We had a 35 minute scrimmage Monday and began tapering off Tuesday and Wednesday."

He continued, "Louis Ladner, the first string end, who was injured in the De LaSalle game will see action Thursday night. He will play some offense."

As far as Stanislaus' opponent, Brooklyn High School is concerned, Coach Day said, "We will have to play a good ball game. Brooklyn has a big and fast backfield. We will have to come up to our performance in the De La Salle and McGill games to win."

Herb Adams, backfield coach, said, "The boys are looking pretty fair since they returned from the holidays. They are in a good mental attitude. Their spirit is high. Brooklyn has a good team."

"They have a good passing team. Because of this, we have been working on pass defense for the game."

Brother Phillip, athletic director and line coach at Stanislaus, said, "Our line is a little bigger and faster than Brooklyn. They have a well rounded ball club and the players really pop. One of the main things we have been working on this week is rushing the passer."

St. Stanislaus received the invitation to participate as the visiting team in the Dairy Bowl after Homecoming game

Navy and Ole Miss in the Sugar Bowl, Southern Cal and Ohio State in the Rose Bowl, Duke and Nebraska in the Orange Bowl and St. Stanislaus and Brooklyn in the Dairy Bowl.

Of course the last bowl game mentioned above could be classed as a cup and saucer game compared to the major college post season contests.

McGill, which it won 28-6. The season record for the Rockachaws is five wins, three losses and two ties.

Brooklyn was defeated last week in the De Soto conference championship game in Hattiesburg. Lucedale, the team that defeated Bay High in its homecoming tilt, was crowned as champion of the newly-founded league.

The Dairy Bowl will be the second bowl appearance for St. Stanislaus since Coach Farley Day took over as head coach four years ago.

It defeated Ocean Springs in the Shrimp Bowl in 1952. A motorcade will travel to the Perkinson Junior College stadium for the game. The cars will line up at St. Stanislaus at 5:30 p. m. under the direction of the American Legion.

But to the local football fans it is as important if not more than any.

Tonight is the date of the game in Perkinson, Mississippi where Bay, St. Louis will be represented by St. Stanislaus, the local high school, which has in its ranks and files on the football squad boys from Louisiana and Mississippi contributing the greatest amount of manpower.

In fact you might say that Stanislaus has an international team.

This should give them the psychological advantage over any of their opponents who are confined to drawing players from their home town.

But the hitch to this as some coaches testify, is that psychology is all well and good but you never hear of a half back or full back with that name crossing the goal line for a touchdown.

And as it always has been since the Americans revised the Rugby game and created the fine old game called football the team with the most points at the end of four quarters gain the victory.

Not the team with the most first downs neither the team that completes the most passes nor the one with more players from different states or countries.

Therefore it all boils down to the fact that Stanislaus will have to play good ball to win the Dairy Bowl game.

It cannot adopt the attitude that prevailed a couple weeks ago when the lightly regarded Notre Dame Rebels practically pushed Stanislaus to South America.

If the Rockachaws walk on the field in the self complacent and over confident manner as they did in Biloxi two weeks ago, then no amount of local or imported help will do them any good. Brooklyn will blast a hole in their foreign policy.

The Stone County Aggies are the runners-up in the newly created DeSoto Conference. They have a season record of eight wins, one loss and one tie.

They will not be easy. But true to form used in selecting a horse to win a race we have to pick Stanislaus.

It has the class. And class should spell the difference. A horse of a higher class will beat another of its family who may show faster speed on the racing oval, nine times out of ten it is traditional and an unwritten law of the racing world.

The same applies to football. Stanislaus has met such teams as Moss Point, Picayune, McGill, DeLa Salle and Reserve.

## TIDE TABLE

High winds, rain and low tides played havoc with fishing over the weekend - a few fish were caught at various places. Joe Kern caught a seven pound red fish up Jordan River Saturday and the three Musketeers, August Rauxet, Poppy Miller and Eddie Heath, caught some nice green trout in the morning.

Mr. and Mrs. Tom Durkens of Tulia, Texas, stopped by on their way home from a vacation trip to Florida. The Durkens are ardent fishermen and had to try their luck here. They spent the day at Bayou Caddy Fishing Camp and caught some nice speckles. Their favorite fishing grounds is near their home in New Mexico. Rainbow trout fishing is the tops, they said. Mr. Durkens caught a 5 pound rainbow last year while fishing with a fly rod. The streams are stocked each year with rainbows and the fishing is excellent, however the Durkens expect to return shortly for another try at our fishing here.

Under the heading of "Sports" the Boy Scouts are anxiously awaiting the Ole Miss-Navy game where they will act as ushers. Again the New Orleans Council has received thanks for ushering at all Tulane games as a "Good Turn." Expressions of gratitude have been relayed to L. C. Russo on behalf of the scores of leaders and hundreds of scouts who took part. It has become a tradition to see the scouts in action - our local boys are under the capable leadership of Scout Leaders James Fillingame, T. F. Monti, L. S. Pahlman, Joe Benvenuti, Jack Lang and C. Schroll. The boys say, next "The Sugar Bowl."

Frank Trapani and his party will follow the "Rocks" to Perkinson for the Dairy Bowl. He says he hasn't time to go fishing and hunting but he can follow his old love, "football and boxing"! He won't be alone for a motorcade will carry the crowd from the Bay.

Messrs Petty and Presley of Dallas, Texas, were down for a fishing trip with their friend Bob Genin last weekend. Think they visited the ponies also!

If you want to know how it feels to be lucky, ask Lee Coster. He bagged some game last weekend.

Bill Miller has been getting his share of squirrels and other game, but it takes a man to hunt where the birds go. Automobiles are out of the question - the swamps are large - walking hard - better know your way around!

Junior Breath says the tide has been about the lowest he has ever seen - had to turn a fishing trip into a picnic for the kids. Sunday, Junior ought to

know.

Hope Stanislaus "milks" Brooklyn in the Dairy Bowl tonight - we are with you team!

ner in the scoring for Kiln with a total of 14.

Vernon Garriga of St. Joseph was the leading point maker of the night with 28.

In the girls division Kiln won 57-44.

Betty Joyce Necaise led the scoring for the fifth consecutive time with 27 points.

Mildred Logan was high scorer for the Pass with 25.

The next games for the undefeated teams from Kiln will be against Johnston Station Friday night. The game will be played there.

Miss Mary Palmer was seated at a bridal shower at the home of Mrs. C. J. Derder on Wednesday.

A color scheme of white was used throughout.

As a centerpiece a large bowl of dwarf chrysanthemums was placed on a table covered with an embroidered cloth and filled with white and pink candy. A three-tiered cake with a bouquet of roses was placed on the table. Party refreshments were served.

Approximately thirty guests attended.
